

Follow Me

Cover Your Tracks

Why would I want to wake up again?
Close my eyes and fall in the abyss
What happens next the moment after now?
Will you stand up again or quietly bow out? Follow me as we fall into the fray
Follow me I've got one foot in the grave
Let it go, just give in.
We are helpless in the end
Follow me as we fall into the fray Clinging to the ties of a boring life
Go back to your job of wasting all your time Follow me as we fall into the fray
Follow me I've got one foot in the grave
Let it go, just give in.
We are helpless in the end
Follow me as we fall into the fray Fight for what's always fleeting
To live a life with some meaning
Let it go. You'll never win
Watch your grave start filling in
What's the point in believing? Follow me as we fall into the fray
Follow me as we fall into the fray
Follow me as we fall into the fray
Follow me I've got one foot in the grave
Let it go, just give in.
We are helpless in the end
Follow me as we fall into the fray Why would I want to wake up again
Close my eyes and fall in the abyss?
