## Hello Again

## **Hoobastank**

I dream that someday we'll be able to
Look back on this together and say
It was for the best and that it made us
Stronger today, stronger todayThere's much more for us to see
A brand new day for you and me
And with confidence I say
"We're better than ever"And I don't know where this will lead

"We're better than ever"And I don't know where this will lead But in my life you need to be

'Cause I need to say

"Hello again"I'm so afraid that if I wait too long You'll never look in my eyes again

With a look that gave me strength and gave me hope

And made me feel I've inspiredThere's much more for us to see A brand new day for you and me

And with confidence I say

"We're better than ever"And I don't know where this will lead But in my life you need to be

'Cause I need to say

"Hello again, Hello again, yeah Hello again, yeahThere's much more for us to see

A brand new day for you and me

And with confidence I say

"We're better than ever"And I don't know where this will lead But in my life you need to be

'Cause I need to say

"Hello again"There's much more for us to see A brand new day for you and me

And with confidence I say

"We're better than ever"And I don't know where this will lead But in my life you need to be 'Cause I need to say

"Hello again"
