## Dayum, Baby

## Florida Georgia Line

Hey baby, listen you got me twistin'
watching you sippin' on that drink
I saw you smile back and I didn't miss that
It's on a little later on wink
And your song comes on, you dance along

I cant believe how bad you got me likeDayum, baby dayum, baby dayum I love standing here watching you breakin' it down, baby down, baby down You keep pulling me in when you spinnin' around, baby 'round, baby 'round I can see you'll probably be keepin' me up all night,

yeah but that's alright

'cause girl you got me like dayum baby, dayum baby, dayum baby, dayum baby, dayum baby, dayum baby you're rockin' you got me locked in

I know that you're dancing just for me

If you wanna go then well get to rollin'

'cause I'd love to sweep you off your feetLike dayum baby, dayum I love standing here watching you breakin' it down, baby down, baby down You keep pulling me in when you spinnin' around baby, 'round, baby 'round I can see you'll probably be keepin' me up all night,

yeah but that's alright

'cause girl you got me like dayum baby, dayum baby, dayum yeah you got me like dayum baby, dayum baby, dayumYeah, if you wanna take me home and turn it on you know I'm there cause girl I swearDayum, baby dayum, baby dayum

Mmm gon' let your long hair down, baby down, baby down

We'll be loving til the sun comes back around, baby 'round, baby 'round

I can see you'll probably be keepin' me up all night,

yeah but that's alright

'cause girl you got me like dayum, baby dayum, baby dayum
