

# Under My Skin

Vivian Green

I'm happy, so ready  
For the next phase in my life  
These days are fulfilling  
And I have peace of mind  
But every time I get too high  
You do your best to knock me down  
But I am not who I was back then  
You're trying to hurt me, you're really trying  
I feel like you owe me  
No fighting, fussing, caring to start an argument  
Why cant I have my peace?  
I understand why they say misery love company  
But what you failed to see I hold  
The power I am in control  
And all things must come to an end  
You're trying to hurt me, you're really trying  
You're trying but it's all right  
There is no way I'm let you take what I have found within  
You're trying so hard to get under my skin  
This is a battle that you won't win  
You're trying, but it's all right  
There is no way I'll ever be unhappy again  
You're trying so hard to get under my skin  
You're trying, but it's all right  
You watch it, you wait for  
Your 15 minutes of my day  
It make you feel good  
If you think that you've got into me

Funny 'cause I don't wish nothing bad on you  
Constant drama all you wanna put me through  
I've made my decision and I'm firm on it  
So I don't know why you're even trying  
You're trying but it's all right  
There is no way I'm let you take what I have found within  
You're trying so hard to get under my skin  
This is a battle that you won't win  
You're trying, but it's all right  
There is no way I'll ever be unhappy again

You're trying so hard to get under my skin  
You're trying, but it's all right  
I'm feelin' faith  
And no you can't take that from me  
You're driving all your energies  
Into yourself and turn it to positivity  
I'm feelin' faith  
And no you can't take that from me  
You're driving all your energies  
Into yourself and turn it to positivity  
You're trying, but it's all right  
There is no way I'm let you take what I have found within  
You're trying so hard to get under my skin  
This is a battle that you won't win  
You're trying, but it's all right  
There is no way I'll ever be unhappy again  
You're trying so hard to get under my skin  
You're trying, but it's all right
