

White Christmas

Otis Redding

I, I'm dreaming, dreaming of a white, white Christmas, y'all
Just like the one that I used to know, oh
Honey, it's where the treetop, treetop listen
Little bitty, little bitty, little bitty children shouldThey try to listen
To hear, before the sleigh bells that are ringing
through the snowI want to tell you one more time what I'm thinking about
I'm dreaming of a white Christmas, yeah
With every Christmas, call that I write you, oh nowI want you to know
May all your days, May all your days
Be so very merry, merry and bright
Darling I wished all of themOne more thing
And may all, all of your Christmases
And be all, and be all of your ChristmasesBaby may your days, may your days
Be so merry, merry, merry and bright
Lord have mercy, I wished all of them honey
And may all your ChristmasesBe so wide
Dreaming of a white, dreaming of a white Christmas
Dreaming, dreaming of a white, white Christmas
Baby, baby, oh I'm dreaming, dreaming of a white Christmas...
