

# Shapes That Go Together

a-ha

When you were wrapped in tangles,  
I was free  
And when you were undecided,  
I believed  
It's alright tonight  
On a deep blue mountain high  
We're shapes that go together  
You and I  
When you were filled with longing,  
I belonged  
When you were weak from trying,  
I was strong  
But it's alright tonight  
On a deep blue mountain high  
\*We're shapes that go together  
You and I  
We're shapes that go together  
You and I  
Child who'd wait in tears  
Come to me  
Whisper softly  
And tenderly  
I walked twenty-five miles to hold you  
Just to find you'd moved away  
When you were wrapped in tangles,  
I was free  
And when you were almost blinded,  
I could see  
But it's alright tonight  
On a deep blue mountain high  
(Repeat \*)  
You and I  
You were wrapped in tangles,  
I was free....
