

Heavy Metal Machine

Smashing Pumpkins

If I were alive
If I were real
Would you survive?
What would you feel? Heavy metal
Heavy metal machine
Heavy metal
Heavy metal machine
As sentimental
As our broken dreams Let me die for rock 'n roll
Let me die to save my soul
Let me die, let me die
Rock 'n roll Let the world forgive the past
Let all the girls kiss the boys at last
Let me go, let me go
Rock 'n roll Heavy metal
Heavy metal machine
Heavy metal
A heavy metal machine Were the metal
In their metal machines
Heavy metal
Heavy metal machine If I were dead
Would my records sell
Could you even tell
Is it just as well Heavy metal
Heavy metal machine
Its elemental
To all the rust it brings
Heavy metal
Heavy metal machine Let me die for rock 'n roll
Let me die and save my soul
Let me go, let me go
Rock 'n roll Let the world forgive the past
Let all the girls kiss the boys at last
Let me go, let me go
Rock 'n roll Heavy metal
Heavy metal machine
Heavy metal
A heavy metal machine Were the metal
In their droning schemes

Heavy metal
Heavy metal machineWill I survive
Is it up to me
Could you understand
That its not yours to keepHeavy metal
Heavy metal machine
Heavy metal
Heavy metal machineHeavy metal
Heavy metal machine
Heavy metal
Heavy metal machine
