

# We're In This Love Together

**Bob Hinz**

It's like a diamond ring it's a precious thing  
And we never want to lose it  
It's like a favorite song that we love to sing  
Every time we hear the music And we're in this love together  
We got the kind that lasts forever  
We're in this love together  
And like berries on the vine it gets sweeter all the time It's like a rainy night in candlelight  
And, ooh it's so romantic  
We got the whole thing working out so right  
And, and it's just the way we planned it Today we're in this love together  
We got the kind that lasts forever  
Don't you know that we're in this love together  
And like berries on the vine it gets sweeter all the time Don't you know we're in this love together  
We got the kind that lasts forever  
We're in this love together  
We got a lot of time for love forever and ever Don't you know we're in this love together  
We got the kind that lasts forever  
Tell you that we're in this love together  
Why don't you find love that has broken the law Don't you know that we're in this love together  
We got the kind that brings to mind a favorite song  
Don't you say that we're in this love together  
We got the time that makes us all night long, hey hey We're in this love together
