Release Me

Johnny Adams

Hey please release me, let me go
And for I don't love you anymore
To waste our lives would be a shame
And release me and let me love again
Oh I have found a new love dear
And I will always want her near
Her lips are warm while yours are cold
And release me my darling let me go

Please release me, let me go
And for I don't love you anymore
And to live our lives would be a shame
And so release me and let me love again

So please release me, let me go
And for I don't love you anymore
And to live our lives would be a shame
And so release me and let me love again

Hey please release me
And for I don't love you anymore
To live, excuse me, would be a shame
And so release me and let me love again
So release me and let me love again
Let me go, let me go
