Such Pretty Eyes for a Snake

Magnolia Electric Co.

i'm still looking for them eyes
to meet me at the end of the line
is it going to be the ones
the whole depth of the winter black
is it going to be the ones
the whole depth of the ocean bluenow if i came upstairs with you
i bet i'll be just in time
to be part of something
i'll regret my whole lifeit wouldn't be the first time
that i made a mistake in my life
in fact i learned how
to make a living
out of making mistakesbesides you got such pretty eyes
for a snake
i'm still looking for them eyes
