If You Could See

Flesh-n-Bone

Advisory - the following lyrics contain explicit language:

Now, I think playtime is over
Yeah, what's happenin', platinum?
Nuttin'
Man, you know what's happenin'
I'm just tryin' to see if I could see what you see
(If you could see what I could see, Rip)
Follow meIf you can see what I can see
(All aboard)
Nothin' but real G's in back of me
That's my Mo Thug familyIf you can see what I can see
Straight from the land of C L E
Flesh Bone, your thug in harmony, follow meStraight from the city of Cleveland
And without no warning, bringin' a storm
Feel the wrath, you won't escape it, baby
You might as well start mournin'I don't wanna blow my own horn
But niggas, I think we the coldest
Mo Thug, our mighty warrior soldiers takin' over
You better know it, what's the deal?
Nigga, my trues stay realI'm gonna make you feel this
When I pull out my steel, put a slug in your grill
Servin' these hoes up easily
With a nine-millimeter glock, real murderers
Haven't you seen this killer befo'?
For sure you niggas heard of usSteady kickin' dust up in your face
Ever since, I've tried to stay safe
By keepin' bustas in their placeI'm known as the F L E S H slash
B O N E from the C L E V E L A N D
Come on and follow me
Let's see if you can see what I can see
Better realize, my enterprise way too rowdyYou tried to test my size but why?
These niggas can't fade the Fifth Dog when I parlay
Everyday doin' it, how we keep doin' it?

Thug style, that's our wayIf you can see what I can see
(All aboard)
Nothin' but real G's in back of me
That's my Mo Thug familyIf you can see what I can see
Straight from the land of C L E
Flesh Bone, your thug in harmony, follow meI bounce around like a gypsy
If you wanna holla, just hit me
I know these jackers out to get me
But they just can't get with meI swig my forty til it's empty
Better crack my Moi, let my senses stay on 'noid
As I watch for my boys and I ain't phony
Homie, listen, I ain't got nothin' to loseYou critisize but won't realize
You ain't never walked in my shoes
Play by the rules or lose
I ain't tryin' to be comin' up stankin' for some foolsMake a mistake and fakin', straight up playa hatin'
Silly nigga, you should have been out here paper chasin'
Done got yourself off in some fucked situation
Atraight facin' life vacationTry to point at yourself, you to blame
Although, it'll never be the same
You wanna replay the game
Shame, shame, shameHow you figure life an arcade?
Put your quarter in and play
But nobody's here to stay
Even me L.B. endin' up D E A D
Before you sleep six feet deep
I hope you see what I can seeIf you can see what I can see
(All aboard)
Nothin' but real G's in back of me
That's my Mo Thug familyIf you can see what I can see
Straight from the land of C L E
Flesh Bone, your thug in harmony, follow meAnd if all of y'all can see what I see
Then you're probably rollin' with me
Me 'cause everybody knows, who sees what I sees
Are all apart of my Mo Thug family
(Mo, Mo)Steadily climbin', platinum rhymin'
Leavin' these bustas straight behind me
Hope it don't never end, stackin' dividends
Just me, myself, my platinum friendsLet's ride in a world so cold, world so cold
Now look at these thugs makin' major dough
Now, look at these haters
Wanna holla, hoes, wanna holla, hoes?What, what you're needin'
Buck, buck and you'll be bleedin'
And you don't wanna go out like that, do ya?
'Cause if you do, you're fuckin' with the right shooterAnd if you wanna see what I see, this is all I see
When you hate me, what I see

And it's all fucked up, up, up
Said, it's all fucked up, this is all I seeIf you can see what I can see
(All aboard)
Nothin' but real G's in back of me
That's my Mo Thug familyIf you can see what I can see
Straight from the land of C L E
Flesh Bone, your thug in harmony, follow me
