Heavenly Light

LP

In and outta doors
In and outta wars
Don't know what they're forIn and outta cars
Feelin' kinda lost
Lookin' for the causeBreakin' down the walls
Droppin'all the calls
Going up in smokeScreaming down the halls
Bustin' all the balls
We don't get the jokeWe don't gotta laugh out loud
We broke the code
We've seen it nowWe don't gotta touche the ground
Just flow
Let go
They're comin' with theHeavenly light heavenly light
Bet on a gold coast star
'Cause I've been buried alive barely alive
And we know we know we know oh oh
That it starts tonight
See the sparks are waking upAnd it starts tonight
See our hearts are breaking up
Into heavenly light heavenly light
Heavenly light we're breaking up
Into heavenly light heavenly light
OhhhhBurn another bridge
Sink until you swim
Crawl outta the blueHot enough to win
Honey where you been
We could never loseWe don't gotta laugh out loud
We broke the code
We've seen it nowWe don't gotta touch the ground
Just flow
Let go
They're comin'with theHeavenly light heavenly light
Bet on a gold coast star
'Cause I've been buried alive barely alive
And we know we know we know oh oh
That it starts tonight
See the sparks are waking upAnd it stars tonight
See our hearts are breaking up

Into heavenly light heavenly light
Heavenly light we're breaking up
Into heavenly light heavenly light
OhhhhAnd it starts tonight
See our hearts are breaking up
Into heavenly light heavenly light
Heavenly light we're breaking up
Into heavenly light heavenly light
OhhhhAnd we know oh oh
That its starts tonight see our hearts are
waking up
And it stars tonight see our hearts are
breaking up
Here we go in the heavenly light heavenly light
Here we go in the heavenly light heavenly lightAnd it starts tonight see the sparks we're
breaking up
And it starts tonight in our hearts we're
breaking up into
Heavenly light, heavenly light, heavenly light
