

Nothing but Love

Mr. Big

Guess what baby, the things we say
Came true today
'Coz we listened to our hearts
No one but you will ever do
Our search is through
But our journey's just beginnin' Nothin' but love can last forever, nothin' but love will start
To mend the place inside your heart that needed healing
Nothin' but love can last forever, nothin' but love will start
To make your head spin 'round and 'round
You know you're feeling love
Nothing but love, nothing but love Can't read your mind
Lord knows I'm tryin'
But in your eyes
I see everything I need to know
Nothing to do but follow you
My aim is true I could never ask for anymore And if you walk away
You know that I will follow
To steal back your broken heart
At least until' tomorrow
Because whatever comes today
Beside you I can't hide you're the one Nothin' but love can last forever, nothin' but love will start
To mend the place inside your heart that needed healing
Nothin' but love can last forever, nothin' but love will start
To make your head spin 'round and 'round
You know you're feeling Nothin' but love could hold our world together
Nothin' but love can start to let us hear the sounds above
That have been screaming love
Nothing but love, nothing but love
Love, nothing but love, nothing but love
