

# Thug Thang

## Big Moe

Let me see your hands raise, if you playa made  
Let the Screw bang, go on and do your thug thang  
(We can do it like this, we can do it like that)  
(You can hit it from the front)  
Or I could hit it from the backLet me see your hands raise, if you playa made  
Let the Screw bang, go on and do your thug thang  
(We can do it like this, we can do it like that)  
(You can hit it from the front)  
Or I could hit it from the backGotti we gone slide down swang wide  
(Aight)  
We gone ride gray or peanut butter buck eyed  
Then we gone tip toe, so slow  
We gone wreck the slab for the dirty third coast  
Hell we gone post up, on the lotFifth drop screens lit, trunk pop  
Stash spot, cash box, on vogue socks  
Old shoes chrome laces giving haters blues  
Banging what Screw, tell me what it do  
Shocking and rocking club and the thug and staying trueI'ma do my thug thang, bang bang, chitty, chitty chop  
With the stash unlocked, trunks staying hot  
HA, green sticky la, deep in the shop  
Cardiac kicking timesIt's a party baby bounce, bounce sugar hit the flo'  
I'm on the cool up in the fo', in the newest Gucci clothes  
'Bout to drop it to the door, baguettes touching my navel  
Body rocking kinda slutty, served out like labelWe got, a stable full of pop  
That dish the satellite and throw cable at the spot  
Up on the table if it's able to get wet like a mop  
And after we wreck the spot we can just rideLet me see your hands raise, if you playa made  
Let the Screw bang, go on and do your thug thang  
(We can do it like this, we can do it like that)  
(You can hit it from the front)  
Or I could hit it from the backLet me see your hands raise, if you playa made  
Let the Screw bang, go on and do your thug thang  
(We can do it like this, we can do it like that)  
(You can hit it from the front)  
Or I could hit it from the backI'ma do it like this, I'ma do it like that  
I can hit it from the front  
(Or I could hit it from the back)  
I'ma put it in your crack, see how you actIf you like it on your knees, you could have it for a snack  
I'm a fat mack, in a handy bag with a snub with 'em

Broads like the way the fat mack do his thug thizzel  
When I hit 'em with my love then I got 'em I'ma hit it from the top, I'ma put it in a bottle  
I'ma hit it from the back, the big black Casanova  
I'ma put it in your head and I'ma set it on your shoulders  
Syrup in the soda, talking bout the Barre Foreigner car, feeling like a fallen star  
'Bout the menage 'tois ain't that what that Pokey said  
Never been scared, South side will leave you dead  
And call me Big Meaty, call me Big Meaty Don't come into my room if you ain't gone get freaky  
Working on his boys, run through em like a tractor  
Out the South side, Moe-Yo make the god damn adapter  
I ain't even quit, I'm doing mighty fast Sitting on glass, Moe-Yo showing my naked ass  
It's the Moe-Yo freestyle I'm so throed  
South side playa putting it down, cho-cho  
Playas get chosen, like M O E Put it in your middle yes the big body  
Riding big tractor, I'm a money stacker  
Out the South side Moe-Yo I'm kinda actor  
Act a damn fool, on this damn tape  
Like Po-Yo said got them hoes screaming rape
