You Can See Me

Supergrass

If you like me, you can buy me
And take me home
When you see me on your TV
I'm aloneYou can call me, tell your story
On the phone
You can hear me over blue seas
I'm aloneYou can see me, I'm not ready to go
You can see me
You can see me, I'm not ready to go
You can see meWhen you need me, come and see me
And take me out
In the evening, when they're sleeping
In the townAll the crazies tryin' to space me
And I don't know
I'm not easy, don't try to please me
Stay on the phoneYou can see me, I'm not ready to go
You can see me
You can see me, I'm not ready to go
You can see meIf you like me, you can buy me
And take me home
When you see me
On your TV, I'm aloneYou can call me, tell your story
On the phone
You can hear me over blue seas
I'm aloneYou can see me, I'm not ready to go
You can see me
You can see me, I'm not ready to go
You can see meYou can see me, I'm not ready to go
You can see me
You can see me, I'm not ready to go
You can see me
