

My Dying Machine (Remix)

Gary Numan

No more questions, no more answers
All that's left is the fear
No more questions, no more answers
All that's left is the fear This dying machine
I can hear me scream
And I've nowhere to run
And I've nowhere to hide I can feel they're here
I can feel the cold
I can't fight for long
This machine runs down If I had a picture
I could say it's all for you
If I had a picture
I could say it's all for you Why give orders?
And why make speeches?
Give me a reason to stay This shape comes apart
Everything breaks down
And me, I'm trapped inside
And here inside it ends There's nothing I can do
There's nothing I can do now
If I had a picture
I could say it's all for you I can only wonder
I can only wonder why
