I Don't Feel That Way

Jon Dee Graham

I used to wonder what it was in the middle
I used to wonder what it was in between
I was under the false impression
I had to know what everything means

But, anymore
Anymore
I don't feel that way, anymore

I was angry of the very notion
I was scared of the very idea
I was crushed by what might happen
Now I'm free more or less every day

Anymore
Anymore
I don't feel that way, anymore

Now I'm just a little bit better
I'm a little bit better now
Now I'm just a little bit better
I'm a little bit better now

I couldn't forgive you for what you did
I couldn't forgive you for what you did
I couldn't forgive me for what I did
And that's the way, just the way that it was

Anymore
Anymore
I don't feel that way, anymore
(Repeat)
