

# Say Goodnight

## Eli Young Band

The sun's still hanging in the sky  
And the world is wide awake outside  
And I know there's things we need to do  
But I just want to draw the blinds  
Chorus:  
And say goodnight  
Oh won't you let me pull you into me  
Go wherever all these kisses lead  
Turn down the bed  
Turn out the lights  
And say goodnight  
What's the point trying to pretend  
That we don't want to just give in  
Why are we holding on to this day  
Let's just let it fade away  
Repeat Chorus
