# Playa Playa

## D'angelo

We're the playas number one
We're the playas number one
We're the playas number one
We're the playas number one
We're the playas number one
We're the playas number one
Steal you with my two shot
Control you with my drop
Blaze you with my handle and
Bless you with my pop
Play you like a pro
And take over the show
Stick you and defeat you
Rob you of your glow
Rob you of your glow
Bring the drama playa
Give me all you got
Make your move
Shoot your best shot
I see right through your riddle
Bring the drama playa
Slip right past the block
Set you up for two
Shoot your best shot
Shoot your best shot
We're the playas number one
We're the playas number one
We're the playas number one
Playa tryin' play me
We dyin' to set it oh
MarloN, Slick and Weasel
Can hardly wait to ball
My groove is tight
Drummers drummin' right
Dirts our secret weapon
Each and everynight
Each and everynight
We come here to rip strip
To make you of your clout

Later for all y'all haters
We gon' turn this motha' out
If you came to ball
If you came in all
We don't plan to stop
Till you bounce off the wall
Till you bouncin' off the wall
Bring the drama playa
Give me all you got
Make your move
Shoot your best shot
I see right through your riddle
Bring the drama playa
Slip right past the block
Set you up for two
Shoot your best shot
Shoot your best shot
We're the playas number one
We're the playas number one
We're the playas number one
Playa playa
Playa playa
Playa playa
Playa playa playa playa playa
Playa playa
Playa playa
Playa playa
Playa playa playa playa playa
Playa playa
Playa playa
Playa playa playa playa playa
