

I'm a Hellcat

Nekromantix

my heart's on fire got flames down my spine
iv'e been there done that i walked the line
i don't give a damn
about what people think or say
if you don't like what you see get outta my wayrattlesnake bitemarks creeping up
my backbone
rockabilly burnout
cracking up my headstonei'm a hellcat fuck ederlandme all the way
psycho to the bone fandme hey hey hey
i'm a hellcat fuck ederlandme all the way
psycho to the bone fandme hey hey heyi'm a child of the night free as a bat
come on little birdies
meet the devil's pussy cat...
i do what i want and say what i like
if you can't take the heat go take a hikerattlesnake bitemarks creeping up
my backbone
rockabilly burnout
cracking up my headstonei'm a hellcat fuck ederlandme all the way
psycho to the bone fandme hey hey hey
i'm a hellcat fuck ederlandme all the way
psycho to the bone fandme hey hey heywriting circles in my desert sand
fever's burning in my head
a rattlesnake is sleeping at my hand
we're about to raise the dead...rattlesnake bitemarks creeping up
my backbone
rockabilly burnout
cracking up my headstonei'm a hellcat fuck ederlandme all the way
psycho to the bone fandme hey hey hey
got punk rock blood running in my veins
the rockabilly disease eating up my brains
