

Like A Virgin Again

Chris Brown & Tyga

This for grown, this is for my grown ass, sexy ass women (women)
This is (this is) for my grown, this is for my grown ass, sexy ass women (women)
Let it rain, let it rain, let it rain
Cos it's getting hot girl
Gimme all you got girl
Don't have to rush
Ain't goin' nowhere
I'll take off your thongs
Put your legs in the air
Girl I'm gonna pick you up, pick you up
Rock you like a baby, loving you so crazy
Imma make you have a flashback to ypur first time
But this time I know just what you like
