

# Burn Slow

## Ro James

ooh shit!

How you wanna feel? Do you wanna ride?  
Do you want it real?  
Imma give it to you,  
Imma give it to you real honest

yeah

You ain't never had it like this before

Unbuckle my seats while we roll the paper  
Tryna get you higher than the scrappers

catching vibes catching vapors

you should call in sick, you should call in favors

I promise

You ain't never had it like this before no no

So don't you lie  
dont you  
tell me that you gotta go to work baby

Cause I can pay you for the whole weekend babe

I just wanna get lose with you

Only you belong to me

(Chorus)

Waking up to you in the morning  
Is better than sunrise  
So we can keep the curtains closed  
Just light a few more candles and burn 'em slow  
yea yea

Waking up with you in the morning

Tryna get a little rewind  
cause I ain't really ready let you go no no no  
no no no no  
Just light a few more candles and burn em' slow

(Verse 2)

Ohhh Shit!

Girl that honey jack put us on our back  
threw me on that back  
Let me get back to that ass yea

Pour up pour up

And let us take another round down  
so we can get it in another round

I dont need no breakfast  
as its you on my face  
And then we wake and we back

(Chours)

Waking up to you in the morning  
is better than sunrise  
So we can keep the curtains closed  
Just light a few more candles and burn 'em slow  
yea yea

Waking up with you in the morning  
Tryna get a little rewind  
Cause I'm not ready let you go no no no  
no no no no  
Just light a few more candles and burn 'em slow

(Final)

Cause I ain't really ready to let you go no no no

Then we wake and we back

Waking up with you in the morning

You baby ohh ohh ohh

So we can keep the curtains closed

Keep 'em closed

Lets burn 'em baby

Waking up with you in the morning

Rewind Rewind

I just wanna get lost with you no no no

no no no no

Just light a few more candles and burn them slow

Ohhhh Shit!
