

His Eyes Are a Blue Million Miles

Joan Osborne

I look at him and he looks at me
In his eyes I see the sea
Don't see what he sees in a girl like me
He says he loves me His eyes, his eyes
His eyes are a blue million miles
His eyes, his eyes
His eyes are a blue million miles Far as I can see, he loves me His eyes, his eyes
His eyes are a blue million miles His eyes, his eyes
His eyes are a blue million miles
His eyes, his eyes
His eyes are a blue million miles Far as I can see, he loves me Yeah, his eyes, his eyes
His eyes are a blue million miles
His eyes, his eyes
His eyes are a blue million miles I look at him and he looks at me
In his eyes I see the sea
Don't see what he sees in a girl like me
He says he loves me His eyes, his eyes
His eyes are a blue million miles
His eyes, his eyes
His eyes are a blue million miles
His eyes, his eyes
His eyes are a blue million miles
