Donna & Blitzen

Badly Drawn Boy

Pay for the light but you may still slide
Baby it's not your sleigh ride but this year is ours
Maybe tommorow, we're gonna see
Things we'd never believe, I'll make you want me you'll seeThe initial warning is free but only two reindeer
Oh, what a sight as they take their first flight
Oh, darling it's all in timeAnd I will, I will, I will, I will wait their return or make to the sky
Oh, what a sight beautiful and I will
I will, I will, I will I will sleep tonight I will sleep tonight
