Marigold

Lovebugs

You're my shiny girl
And you've got a lot to manage
For many painfull years
Your father was so damaged
Of course your mother knew
But she simply did ignore it
And everything just went
The way that he had planned itBut now
Do believe in what you've found
Go on
And never turn yourself aroundOh he was so proud
And he really liked to show it
You had to wear the dress
He knew that you would hate itBut now
You can start it new today
So come on
Won't you wipe your tears awayYou're my shiny girl
You've got a lot of courage
And I'm so happy now
That you've found a little footage
Someday you will act
'cause you really have the talent
Someday you will make it
'cause you're shiny and you're valientCome on
Do believe in what you've found
Go on
And never turn yourself around
