

# A Dark Passage

## Blind Guardian

I feel cold  
Facing the darkness  
The light's gone away  
Deep in his castle he said  
All land'll be mine  
There's one thing for sure  
The triumph of shadow is near  
Deep in his castle they sang  
We shall not rest  
Until all will be thineAll land is mine  
You can be sure  
Don't dare me  
The mighty one screamedSmashed down the light  
I will not rest till I'm king  
Valinor's empty now  
Allied the elves and men  
They shall be damnedRise of fall  
A dark tale endsJust wondering how  
In the darkness  
They found their way  
To the right place  
Children of the sun  
Second kindred  
We call their race  
Treat them kindly  
Born in the east  
(Are the) nightfearer  
They moved westwards  
Towards the sunshine  
(They are) morning breath like  
Short's their life  
(Like) dawn passes by  
When the day comes  
The field was lost  
(And) hope had passed away  
The sun went down  
Beyond the sea  
Dark was the hour  
But day shall come againSmashed down the light

I will not rest till I'm king  
Valinor's empty now  
Allied the elves and men  
They shall be damnedClean my wounds  
Wash away all fear  
Let courage be mine  
No one hears me cryingNo song no tale  
Which contains all the grief  
(But)  
Renowned the deeds  
And the victims of defeatSit down on your chair  
And look out for your kin  
With my eyes you'll see  
And with my ears you'll hear  
You troubled my day  
And you've questioned my strength  
(But) don't mess  
With the master of fateSmashed down the light  
I will not rest till I'm king  
Valinor's empty now  
Allied the elves and men  
They shall be damnedI smashed down the light  
And dared Valinor  
I smashed down the light  
Revenge will be mineSlowly marching on  
Still we're marching on
