Pulverized

Hecq

Temptation to kill again
The sensation comes over me
An addiction to murdering
I can't stop killingYou tried to stop me
Dead, before you started
Put me away
Before I put another in the gravePulverized, knocked down it came up behind me
In the dark overwhelmed, I feel life slip from me
This isn't happening, pulverized
I won't sustain these injuries pick up the pieces of meTemptation to kill again
The sensation comes over me
An addiction to murdering
I can't stop killingYou tried to stop me
Dead, before you started
Put me away
Before I put another in the gravePulverized, knocked down it came up behind me
In the dark overwhelmed, I feel life slip from me
This isn't happening, pulverized
I won't sustain these injuries pick up the pieces of meTemptation to kill again
The sensation comes over me
An addiction to murdering
I can't stop killingYou tried to stop me
Dead, before you started
Put me away
Before I put another in the gravePulverized, knocked down it came up behind me
In the dark overwhelmed, I feel life slip from me
This isn't happening, pulverized
I won't sustain these injuries pick up the pieces of meAn addiction to murdering
I can't stop
