[Sevyn Streeter]
Before this go wrong
We should take a break
Cause you feel like you know
You know everything
Before I go and say
Some things I'm gon regret to you
I'mma call up my ladies
And tell them how you drove me crazyThey say the club is going up tonight
We up in there
Pour another cup tonight, cause we up in there
If you didn't want them all on me
You shoulda been there
So why the hell you calling me
You shoulda been there
So we gonna ball, ball out, ball out ooh
My whip clean, my fit new oohGoing up tonight we up in there
So nigg* don't be calling, calling me
You shoulda been there
I've been own my own
I know how to play
In this game of thrones
Bout to lose your queen
Cause I've been holding up
To try an work this out with you
You can't respect thatSo I called up my ladies
And told them how you drove me crazyThey say the club is going up tonight
We up in there
Pour another cup tonight, cause we up in there
If you didn't want them all on me
You shoulda been there
So why the hell you calling me

You shoulda been there
So we gonna ball, ball out, ball out ooh
My whip clean, my fit new oohGoing up tonight we up in there
So nigg* don't be calling, calling me
