

All I Want

Ride

There is a little wind blowing
Maybe you feel it too
Strange people on the rise
One day they gonna come for you for you All I want
All I want
All I want
All I want Wanna hear a secret, honey?
The future is torn from under you
It's not a pretty picture
This is 1932 All I want
All I want
All I want is to leave this time (all I want)
Believe it (all I want) All I want is to leave this time I can feel how you want me to feel
I can know what you want me to know All I wanted, all I wanted
I can be what you want me to be
I can go where you want me to go All I wanted, all I wanted All I want
All I want
All I want is to leave this time (all I want)
Believe it (all I want)
All I want is to leave this time (all I want)
All I want
All I want is to leave this time (all I want)
Believe it (all I want) All I want is to leave this time I can feel how you want me to feel
I can know what you want me to know All I wanted, all I wanted
I can be what you want me to be
I can go where you want me to go All I wanted, all I wanted
