Madhouse

Little Mix

I feel a strange sensation taking over from my head to my toes
I got the shakes body rippling it's enough to shatter my bonesIs it all a dream? 'Cause I don't wanna stay awake
But I won't remember a thing
And now it's running through my veins
I don't know what's happening, the beats so sickRunning from the madhouse, they won't take me back
Got the medicines to give me what I need
Yes I'm burning up but music is my drug
Doesn't matter if I shout or if I screamThey're coming for me
They're coming for meEverywhere I look I'm shook I got bloodshot eyes
I'm like a fugitive tryna climb the walls but my hands are tied
In just one touch and I'm infected by the sound crawling all over my skin
And the sky is falling down, I don't know what's happening, beats so sickRunning from the madhouse, they won't take me back
Got the medicines to give me what I need
Yes I'm burning up but music is my drug
Doesn't matter if I shout or if I screamThey're coming for me
They're coming for meThey're coming for me, oh ohMen in white coats, coats, getting so close, close
Saying my prayers, don't take me back there
Men in white coats, coats, getting so close, close
Saying my prayers don't take me back,
Take me back, take me back thereThey're coming for meRunning from the madhouse, they won't take me back
Got the medicines to give me what I need
Yes I'm burning up but music is my drug
Doesn't matter if I shout or if I screamThey're coming for me
It's like I'm running but I just can't find my way
(I don't wanna go back)
And they can't hear my voice no matter how I scream
They're coming for me
