

Vocal

Pet Shop Boys

I like the people, I like the song

This is my kind of music

They play it all night long

I like the singer, he's lonely and strange

Every track has a vocal, and that makes a changeAnd everything about tonight feels right and so young

And anything I wanna say out loud will be sungIt's in the music, it's in the song

Everyone I hoped would be around has come around

For the music

It's in the music, it's in the song

And the feeling of the one surround us,

Oh it's so strong

It's in the musicAnd everything about tonight feels right and so young

And anything I wanna say out loud will be sung

This is my kind of music

They play it all night longExpressing passion

Explaining pain

Aspirations for a better life are ordainedAnd everything about tonight feels right and so young

And anything I wanna say out loud will be sung

This is my kind of music

They play it all night longIt's in the music

And everything about tonight feels right and so young

And anything I wanna say out loud will be sung

It's in the music

It's in the music

This is my kind of music

They play it all night long

They play it all night long

And the feeling of the warmth around us all is so strong

Is so strong
Is so strong
Is so strong
Is so strong
Is so strong

Is so strong I like the people, I like the song

This is my kind of music

They play it all night long

I like the singer, he's lonely and strange

Every track has a vocal, and that makes a change
