

# What I See

## White Magic

Hear what I say  
I'm gonna get out of my mind where I'm going to  
Be on your way, your spirit is crawling after  
Will I disappear?  
Everything dies nothing to worry about  
Everything goes on, goes on, goes on  
I just don't know why everything has to go away  
I just don't know why everything has to fade away  
I cannot escape there's nothing more I can do  
I just don't know why do I need you  
See what I see  
I'm gonna get out of my mind  
Where I'm going to  
No more, no more  
I'm ready to go serene to find  
There's nothing to hold to reach you  
Everything dies nothing to worry about  
Everything goes on, goes on, goes on  
I just don't know why everything has to go away  
I just don't know why everything has to fade away  
I cannot escape there's nothing more I can do  
I just don't know why do I need you  
I just don't know why everything has to go away  
I just don't know why everything has to fade away  
I cannot escape there's nothing more I can do  
I just don't know why do I need you  
I just don't know why everything has to go away  
I just don't know why everything has to fade away  
I cannot escape there's nothing more I can do  
I just don't know why do I need you
