

# Summer Days

Toby Engelking

'Summer days'

Summer days came we were little lights  
Little rays of sunshine in each other's eyes

Sat on a hill looking out to sea  
What could we be if we were free

Summer days came we were little lights  
Little rays of sunshine in each other's eyes

Look in my eyes look in at me  
Tell me darling what do you see?

Summer days came we were little lights  
Little rays of sunshine in each other's eyes

Living in the waves living in the sea  
Summer days spent just you and me

Summer days came we were little lights  
Little rays of sunshine in each other's eyes

Sand on my toes sand on yours  
Building my own beach in my porch
