Yeah, I'ma status
IMx is back again so everybody run and tell a friend

They're three bad brothers 'bout to run the show
IMx is back again, yo B A T, won't you bring it in? Listen, don't you hate it
When people be hatin' on what you do?
It's always about them and never about you
And some times you just don't know what to do Listen, tell me when I say that I'ma get my own
Regardless of whether you pay
There's always somebody that just don't congratulate
So you could step off or hate me, whatever, see but first tell me Why you always hatin' on me?
(Ain't no need for that)
Is it because you want me to spend my money?
(Ain't no need for that) And if you're with me, wave your hands up high
And party with me
(Ain't no need for that)
And all the players out there say it for me
(Ain't no need for that)
No need for that Listen, don't you hate it
When people be always harassin' you?
Tryin' to figure out what's your next move
I let them know don't worry about me, take care of you Listen to me, why is everybody got to be hatin' on me?
What is the reason for all this jealousy?
You need to step off me or hate, whatever, see
But please tell me, yeah (What you want from me?)
I swear it feels like the same old thing
Every day of the week
(Don't be mad at me)
You can't be mad 'cause I'm out here
Hustlin' and doin' my thing (What you want from me?)
Sometimes it feels like the same old thing
Every day of the week

(Don't be mad at me)
'Cause I'm doin' my thing
And I'm makin' money Why you always hatin' on me?
(Ain't no need for that)
Is it because you want me to spend my money?
(Ain't no need for that) And if you're with me, wave your hands up high
And party with me
(Ain't no need for that)
And all the players out there say it for me
(Ain't no need for that)
No need for that Why you always hatin' on me?
(Ain't no need for that)
Is it because you want me to spend my money?
(Ain't no need for that) And if you're with me, wave your hands up high
And party with me
