

# Street Corner Preacher

## Amos Lee

He got a new mercy  
A new grace  
Street corner preacher  
With the angry face  
He got 2 years off  
For good behavior  
Back in the neighborhood, workin' for the Savior

There's two old ladies  
And a junkie ? na na  
He can see for sure that his work is cut out  
Though he walks through the shadows  
He won't fear his neighbor  
Back in the neighborhood workin' for the Savior

Ba ba  
Budie du pa bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Yeah yeah

Well he understands the need for livin' large  
But it's hard to get a job with a felony charge  
Now he's workin' in a hospital  
Washin' dishes  
Walkin' through the fields  
Through the lost and the viscious  
There he saves every breath  
A new benediction  
Save the liver from awkening

xxx

The eyes of man  
Well he seeks no favor  
Back in the neighborhood workin' for the Savior

But there's a whole lotta trouble all around  
Every night the same old siren sound

There's a whole lotta trouble all around  
Children soldiers in this battleground

Bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Yeah yeah

With a new shine  
And a second chance  
He unbolts the door  
And hops over the fence  
Young woman with a baby that her daddy gave her  
Back in the neighborhood workin' for the Savior

But all around the world rages on  
Burnt-out houses  
With the front door gone  
Well his faith is his fountain  
His love is his neighbor  
Back in the neighborhood workin' for the Savior

Whooa yeah  
Ahhhh  
Ba ba  
Budie du pa bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Budie du pa bud it in  
Ba ba  
Yeah yeah

He got a new mercy  
A new grace  
Street corner preacher  
With the angry face  
He got 2 years off  
For good behavior  
Back in the neighborhood, workin' for the Savior
