

Alone (feat. Lauren Evans) (Radio Edit)

Armin van Buuren

Everyone is walking on the edge of life
Like a ghost of a shadow, barely alive
Even time's in a rush
But it's going nowhere Everyone's connected but no one is connecting
The human element has long been missing
Tell me, have you seen it
Have you seen it Or are we alone
'Cause I need something to believe in
Tell me, are we alone
Where is the life, where is the feeling
Is anybody out there
Is anyone listening
Is anyone left in this whole world
Or are we alone
Alone Where is the feeling Everybody needs to know
Somebody who cares
Just a friendly face
You can trust to be there
Are you afraid to be known
And not be a stranger 'Cause everyone's connected but no one is connecting
The human element has long been missing
Tell me, have you seen it
Have you seen it Or are we alone
'Cause I need something to believe in
Tell me, are we alone
Where is the life, where is the feeling
Is anybody out there
Is anyone listening
Is anyone left in this whole world
Or are we alone
Alone Is anyone left in this whole world
Or are we alone
Alone
