

Understand

Melanie C

Im looking at the floor
Im looking anywhere to try to put my head into a different place
Im stopping it before, before I think about the promise to myself
That Im about to breakFall into daydreams inside these walls
I must be out of my mind'Cause I dont even know you but all I do is think about your face
And I dont wanna call you but I wish I had your number just in case
And I never thought someone could shake me like you can
Some things werent designed to understandI hope you didnt see
I hope you didnt notice if you did I hope you looked away
Ill keep it all to me, Ill keep on running
'Cause its only when Im running that I feel safe
As I fall I must be out of my mind'Cause I dont even know you but all I do is think about your face
And I dont wanna call you but I wish I had your number just in case
And I never thought someone could shake me like you can
Some things werent designed to understandTV shows and cars that wont slow down
I should be looking for a chance but dont know how
Disillusion never let me down
Dont lose it now, dont lose itI dont even know you but all I do is think about your face
And I dont wanna call you but I wish I had your number just in case
And I never thought someone could shake me like you can
Some things werent designed to understand
Some things I will never understand
