

# Complicated Girl

## The Bangles

Valerie is beautiful  
But she seems a little bit confused  
The life you offer her she says  
She cannot use  
You live in another world  
She thinks she won't fit in and, oh  
What about her plans for him  
She bends to his will  
Hey, you better listen  
'Cause I'm warning you  
Love is never simple  
With a complicated girl  
You call her on the phone  
She's got the other guy on hold  
You see the scene unfold  
You know it very well

Stay inside your room all day  
When she doesn't call you pull the shades  
Never seen you act this way  
The girl has hit you hard  
Hey, you better listen  
'Cause I'm warning you  
Love is never simple  
With a complicated girl  
Why bother making rules  
You know she will not follow?  
Someday she'll find a way to remedy  
This lovely mess she's made of you  
Hey, you better listen  
'Cause I'm warning you  
Love is never simple  
With a complicated girl
