Sacred (Live Rehearsal Version)

Erasure

We close our eyes and fantasize
To see what dreams will come alive
Our created energy runs through
When we connect our consciousness
Make our love the guiding light
And I am met in every part of youNever feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is allSacred
Whoa, whoa, whoa
Sacred
Whoa, whoa, whoaWe pray for love and deeper meaning
Holding our emotions in
But only keep us prisoners inside
We let our minds and hearts release us
Pure intentions sets us free
And there is nowhere left for us to hideNever feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is allSacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is allThis is all we have in the end
All we have in the endSacred
Whoa, whoa, whoaNever feel that you're alone
Hold on tight and I'll be strong
Inspite of all the things we've done
Our love is allSacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is allSacred
