Breathless

Chris Norman

You take breath away when ever
I'm with you.
You make me ,promises but baby they're not true.
Whispers in the night that keep me hanging on.

You walk into a room and you light up the place.
You speak the words of love we're standing face to face.
You got me on a string I 'd give you anything.

And as for heartaches and as for mistakes.
I've had my share but baby I don't care.

[Chorus]
You leave me breathless when ever, you are near.
I feel so helpless a hopeless situation,
Oh, and everything depends an you.
There's nothing else that I can do.
You leave me breathless I try to play it cool.
But I'm so restless there is no explanation.
Oh I hear the sound of my heartbeat.
I'm breaking down each time, we meet.

Some people talk of you they don't know how I fell.
Sometimes I hear your name I'm in a spinning wheel.
You are a part of me you are my destiny.
I wanna hold you.
I wanna touch you.
Can't get enough oh I need your love.

[Chorus]

Me love is burning like a flame.
I know I'll never be the same without you.
