

# The Shine (feat. Chelsea Cutler)

ayokay

I tripped and fell into  
A rhythm with you  
I jumped off the deep end  
But still played it cool Tried to pretend we're not different  
And I hate that I have to admit it  
But im done with wishing I know it's only a matter of time until the shine wears off  
Cause I'm all out of words  
Feel alone every time we touch  
The more that I hold you  
The more I don't know your touch  
I know it's only a matter of time till the shine wears off  
I know that we're living  
Inside of a dream  
Cause we're trying too hard  
To make this a thing  
Why does it feel like we're working  
You act like a whole different person  
I'm tired of searching I know it's only a matter of time till the shine wears off  
Cause I'm all out of words  
Feel alone every time we touch  
The more that I hold you  
The more I don't know your touch  
I know it's only a matter of time till the shine wears off  
I'll be fine  
Knowing it's over  
Clearer eyes  
Come with getting older  
We fantasize  
But we had our day  
Now your disguise is fading  
Your disguise is fading away I know it's only a matter of time until the shine wears off  
Cause I'm all out of words  
Feel alone every time we touch  
The more that I hold you  
The more I don't know your touch  
I know it's only a matter of time until the shine wears off Till the shine wears off  
Feel alone anytime we touch  
The more that I hold you  
The more I don't know your touch

I know it's only a matter of time till the shine wears off
