Headlines

Chris Pickering

Yeah, hey, what you talkin' about?
I read it in the paper today
Two cats howlin' 'til the break of day
Up on the back fence, they're makin' a play
One stepped across the line, the other blew him away
Up in the morning, down the road 'n I'm gone
Been with my sweetie, we was up all night long
My head is throbbin', man, I gotta find a song
The radio depress me, tell me what's goin' on?
Headlines, screamin' everywhere I go
Headlines, like I really want to know
Headlines, gotta million ways to say
Another crazy day, headlines
I saw it on the 6:30 news
Some freakin' Deacon wearin' Military shoes
He's mad at me, buddy, he's mad at you
He's gonna drop the big one and there's nothin' I can do
Headlines, screamin' everywhere I go
Headlines, like I really want to know

Headlines, gotta million ways to say
Another crazy day, headlines, oh
Just another crazy day
Do, do, do, do
Up on the mountain, man, I'm feelin' alright
Been to the temple and I'm sleepin' at night
Here comes stranger, need a paper to light
Man, he's bustin' with the news about the fightin' tonight
Headlines, screamin' everywhere I go
Headlines, do I really want to know?
Headlines, gotta million ways to say
Another crazy day, headlines
Headlines, screamin' everywhere I go
Headlines, like I really want to know
Headlines, gotta million ways to say
Another crazy day, headlines, oh
Oh, yeah, oh, yeah
Oh, think I'll play, all night
