Disillusioned Man

By The Tree

Disillusioned man, where do you stand?
Where is your soul, do you know? Out of control
What can I say to you? What can I prove?You and I can break the silence
You and I can free our minds today
You and I can break the silence
You and I can free our mindsDisillusioned man, where do you stand?
Where is your soul, do you know? Out of control
What can I say to you? What can I prove?You and I can break the silence
You and I can free our minds today
You and I can break the silence
You and I can free our minds
