running wild

Q-IC

I move as fast as I can
I like to get around
I'm crazy like a madman
My feet don't touch the ground
I move amongst the night life
And they just step aside
'Cause when they see me coming
They know I'm running wild
Dead or alive there's nothing
That bothers me at all
I take on all comers
They back off or they fall
They raise their hands to stop me
But I laugh and I defy
'Cause what's the point in living
Unless you're living wild
No chains can hold me down
I always break away
I never hear society

Tell me what to do or say
I taste the life that pleases me
And raise a storm for all the world to see
I never stumble, never fall
Never stop for rest
I rebel but I walk tall
And I demand respect
I move amongst the nightlife
And they just step aside
'Cause when they see me coming
They know I'm running wild
I'm running wild
You better believe it [Incomprehensible]
I'm running wild
Get outta my way
I'm running wild
I'm running wild
[Incomprehensible]
