Blackbird

Rumer

Warm as the sun
you were the one who outshone me
in the darkness, everyone went away
you were the one who adored me
And it's so hard, to say goodbye to you
so hard, when I want to carry you everywhere,
everywhere so I don't forget
I'll carry you everywhere, everywhere
so I don't forget
But there's a blackbird, singing
how long have you been hiding
Lost in the rain
you always prayed we would find a way
we were watching old movies in
our little technicolour hideaway

And on that soft screen
the beautiful ladies were movie queens
they'd glide on the floor
singing melodies, melodies that I can't forget
oh love's sweetest reverie, melodies that I can't forget
But there's a blackbird, singing
how long have you been hiding
We've been through so much
we've been through everything together
We've been through so much
we've been through everything together
But there's a blackbird, singing
how long have you been hiding
how long have you been hiding
