

Q

Cartel

Reaching out, can you hear me?
Said, "I'm reaching out but no one's near me
And through all this I've been reaching out blindly" And so it comes down and I don't know anything
It always comes around
When fighting always seems just like That I'll never know
And you never will
Still I'll never know
And you won't until someone stands up
Then you'll get some answers Well, here goes nothing, yeah, I'm standing up
And I'll get nothing if it's not enough
But they won't say what they're holding back from us And so it comes down and I don't know anything
It always comes around
When fighting always seems just like That I'll never know
And you never will
Still I'll never know
And you won't until someone stands up
Then you'll get some answers That I'll never know
And you never will
Still I'll never know
And you won't until someone stands up
Then you'll get some answers I'll tell you this is something that you'll never hear
They knew it then and they've been holding back for years
And if you're not getting answers ask better questions That I'll never know
And you never will
Still I'll never know
And you won't until someone stands up
Then you'll get some answers That I'll never know
And you never will
Still I'll never know
And you won't until someone stands up
Then you'll get some answers
