

# Xanadu

## The Ghost of a Saber Tooth Tiger

She doesn't wanna have to move to Xanadu  
She doesn't wanna lay in bed all day with you  
She'll do anything you tell her not to do  
She's gonna paint your white picket fence all black and blue  
She won't drive into the Grand Canyon with you  
She already knows you went and got her name tattooed  
She's a lipstick anarchist  
She doesn't wanna bake a birthday cake for you  
She doesn't wanna watch Twin Peaks again with you  
She already saw the director's cut on Pay Per View  
She's a lipstick anarchist
