I Need Never Get Old

Nathaniel Rateliff & The Night Sweats

Can we be there
Oh, just think of the time
Thought of love so strange
Said you never knew
While I try my best
To cover our eyes
It's a common way to blame and hide the truthI know that some will say it matters but little babe
Oh, but, come on and mean it to me
I need it so badI needed to try
I needed to fall
I needed your love I'm burning away
I need never get oldTaking our time
Ah just standing in the rain
Meaning what you said ah and mean it to me
All of these lies
Oh and never again
Come on and say it now, say it's a gameI know that some will say
It matters but little babe
Oh but come on and mean it to me
I need it so bad
Oh, mean it to me
I need it so badI needed to try
Needed to fall
I needed your love I'm burning away
I need never get oldI said I needed to try
Needed to fall
I needed your love I'm burning away
I need never get oldI said I needed to try
Needed to fall (I needed)
I needed your love I'm burning away
I need never get old
I need never get old
I need never get old
I need never get old
I need never get old
