I Will Stay

Shelby Lynne

You stood there wearing the night
Look in my eyes, no surprise
That I wanted, to love youYou took me in your mind
I took the time, to realize
I love youBut this time, I will stayDaylight nears your face
I won't erase, the picture we made
And I will follow, the page
I will, stayNo trace of yesterday
They are gone
Tomorrow's begun
And I know, yes I know
I will stayhmmmmmmm
