

Away from Me

Corey Cyr

Does she remember how the dream was started? Now I can't believe we're parted.

Now she's gone to another dream, now she's sailed another sea,

Away from me. How could you let it die, my love? I never said, "Goodbye", my love.

Now you are so many miles, now you are so many smiles,

Away from me. To wonder and to pretend, I can't ever tell.

How the story goes, my love. But, I hope you're doing well. I see you've got your hair all changed, but your name remains the same.

But, I still have to wonder why it all had to die.

Away from me.

Away from me.

Away from me.
